

POLYMER FLOOR TEXTURE

Driveway

A NEW GENERATION OF FLOOR RESURFACING FINISHES

CHOICE OF DECORATIVE DESIGNS, PATTERNS AND COLOURS

The Masterpav Polymer Floor Texture is a versatile cost effective 3 – 5 mm application of polymer modified cement compound that transforms plain concrete or existing cement floor to look like classic natural stone, ceramic tiles, marble, slate or timber wood effect.

THE REVOLUTION IN FLOOR TRANSFORMATION

– without hacking existing concrete

Walkway

A choice of
smooth and
rough
surface
finishings
for
interiors
and
exteriors
